Dear Sir

I have floated off the
Smith's suit. after a great
deal of trouble. They were
mounted with some mischievous
thing. The book will be
sent down in moving when
it is dry.

Yours truly

Chas. Henderson

P.S. The previous delay was caused
by a man's girl forgetting the
knobs. I only got them after

repeated calls.

The reason of a blank
page being in the one album was
that the negative of the Museum
door could not be found - only
one print being extant.
