My dear Sir:

I shall be glad to have  
your new P & T tract whenever  
you are able to send it.  
The "Points of Contact"  
has been exceedingly well  
received by the Press. These  
to me bear it. The whole  
series has done and is  
doing well - they are  
widely circulated

and several of the same  
have been translated into  
other languages.

Heaven bless his  
birthplace of ours

John Kelly
