Sir William Dandon
Montreal

My dear Sir

It may be that
Lady Dandon has not written you
So I want to inform you that
she left I find arrived here
about ten o'clock Friday night
I am not going out at night
So I could not go up but
next morning my wife took them
all for a drive through the
Park and then to my house
for a short time. I saw them
off at the wharf at two
o'clock, and all were in
good health and spirits.

Lady Dawson said they had
had a very pleasant time
down from Portland and had
quite enjoyed it, he was
all so glad to see them
if only for a short time, and
I feel quite sure they will
have a pleasant voyage across.

I hear you are going in June
and will be in Dummerham.
My two daughters are living
in Manchester, and may get
an opportunity of seeing you.
Your letters to Lady Dawson came
too late to the Ships Agents
office to catch her. I advised
them to send them to the care
of the Canadian office London,
with kind regards
Yours faithfully
J Maclean
