Sir Wm Dawson

Dear Sir

You will I trust
pardon my addressing myself to you
in hopes of receiving some informa-
tion on the following matter

Some time last fall there
appeared in the Montreal Star
a letter from the Students of McGill
College, asking if some one would
take an interest in providing for
them, a nice house, where they could
get their meals at a reasonable price
without being exposed to the society
of people with whom they did not
wish to associate

There is a lady in Victoria B.C.
who thinks of going to reside in Mon-
:real, and would like to undertake
such a thing, if she could have a

Sufficient number of the students to
pay expenses, I feel sure if they
give her a trial, they will be
perfectly satisfied.

Would you kindly inform me
how many there would be, what
price they could pay for week's lect.

If the answer is favorable
she could be all ready to receive
them after the summer vacation

Awaiting your reply
I remain

Yours truly
D. M. Donnell.
