

B. W. THOMAS,
1842 INDIANA AVENUE,
CHICAGO.

Chicago June 21/86

Sir William Dawson
Montreal

My Dear Sir

I am advised that 200
"Bulletins of the Chicago Academy of Sciences-
No 9" containing your paper have been
sent to you by Exp. - I intended to have
paid the Exp. charges - but they were sent from
the office of publication sooner than I had
expected - so please pardon this omission -

I presume that you will find errors
of typesetting and the quality of the paper
and the engraving - is not as ordered or
expected - but I have done the best I
could - Will you please accept the Bulletin
with my compliments - and the thanks
of the Chicago Academy of Sciences - for the
valuable contribution - that you have
enabled us to give to the scientific world -

With my most cordial thanks for
your many criticisms - and forbearance - I
remain most sincerely yours

B. W. Thomas
