Dear Sir William
Many thanks for the lovely Georgewills
roses which look so nice in my room & have
June 26-86
been a great comfort on the journey, where I found
all going very well. When arriving at Newport
the Steamer was waiting & the sail was very
refreshing both to mind & body. I do hope you
dear Friend will have a pleasant sail, & that the Lord will
bring you all back safe to Montreal, which
would not look like the same City to me
without my dear friends. Please give my
kindest messages to those you are to meet
at Liverpool with grateful & kindest regards
Yours sincerely M M Carpenter
