My dear Sir William

It was impossible for me to be in town until too late in the afternoon to meet you — I am exceedingly sorry that we should have waited for me at all — either at 12.30 or 3 pm.

Tomorrow I have some engagements besides all

all the day - I shall be
happy to attend at the Geologic
Society between 11 & 6 on
Monday, in view of your
looking in there during
that time, - & then I can
have the opportunity of
asking you if any arrangements
have been made by Herbert
Carpenter abt. our talk
over Egypt. -

Pray do not inconvenience

yourself, or disarrange your
time in any way. If
I know, I can come
on Tuesday instead of Monday.

Yours very truly
Wm. P. Adams

To the Hon. William Dawson, M.D.
F.R.S. &c.
