My Father,

The common Council has
determined to make in the
City of New York for the
year ending by the 31st
of September a new survey
of the City and the necessity of
a new ^{of the City} survey to make
the Survey to be
one of the new Parks of
the City and the
you can have the
approximate cost of
the same. It will be
about one thousand
dollars to make it

Might want to find out
how you are getting
for Canada.

I'm sure that
you will want to
know how far we are
going to go in our
policy. We are
going to go as far as
we can at the present
time and the cause
members of our movement
will be interested.
