Hastings -

OXFORD & CAMBRIDGE CLUB,

PALL MALL, S.W.

Dear Sir W^m. Dawson

I shall leave Town
tomorrow (Friday)

afternoon or evening.

I cannot leave earlier
as I am most anxious

to take the oath in
the House at once, in

order that I may remain

in the country till the
19th, when we meet for
business.

I shall be in Worcester
on Saturday morning,
and shall be very glad
if you will send a
line, to say where you
are, to the County
Club. Everyone knows
it; & if you happen
to be staying at the

Star Hotel, it is next
door -

I shall bring my
carrige in hopes that
I may persuade Lady
Dawson & yourself - to
let me drive you to
Melbourn in the after-

noon -

The Hastings Museum
at Waverley is worth
seeing. The room con-
taining the local museum

has an excellent display
of the geology of the
county.

Incidentally I enclose
an order for the porcelain
works, which will ensure
your seeing every thing.
They are near the cathedral.

Yours very truly

G W Hastings

P.S. Please ask them at
the Show Room, when you find
them the enclosed, to let
Mr. Bains or Mr. Evans
know -

them.

Mr. Bennis will,
I am sure, wish to
see them -

Sir Wm Dawson is
the President of the
British Association
for the advancement of
Science; but will not be
able to be present when
the Visitors from the Ass-
ociation are received -

that may interest
