

MERE BANK,
FAIRFIELD,
NE MANCHESTER.

Sept^r. 7/86

Dear Sir Wm.

I was obliged to leave
Birmingham for Sunday
duty & therefore missed
having your paper on the
relations of the geology of the
Arctic + Atlantic basins - as I
am greatly interested in this
question I shall be greatly
obliged if you could favour me
with a copy of the abstract.

With kind regards

Yours sincerely,
J. R. Byron
