Sept 24/85

Dear Sir John,

At our very  
succesful Birmingham  
meeting of the British  
Association the proposal  
of Mr Saul Samuel that  
the Assn should send  
a delegation of say 50  
members <sup>to the Sydney meeting in 1885</sup> was unanimously  
agreed to, and I have  
no doubt will be  
carried out in our  
next with our anniversary  
meeting of the Association

Much occupied you are  
at present, but there  
will be time to think  
of the matter and  
it may require a little  
preliminary consideration  
and ventilation, I have  
written to Dr C. Lupper  
on the subject, feeling  
sure that he will  
take an interest in it,  
and it strikes me  
that in present circumstances

As per Dr  
Lapp  
Medical  
Circumstances and up to  
Sept 186  
Regent in the  
Prohibition and preparation  
for increased intercourse and  
friendly to a permanent  
Prohibition, <sup>the idea of</sup> a good depot  
of public, practical and  
Scientific men from Canada  
would be received with  
approval not only here  
but in all parts of  
the Empire.

With all kind regards

Yours sincerely

J. M. Dawson
