but I must leave by the
afternoon train for Montreal.
as I have to go on to Western
Canada en route to Western
New York. I do not recollect
being on the Committee you speak
of. And I have not the
document in my possession.
I intend going to Quebec on
the Tuesday morning and will

Spent a little time at the
Education Office on my arrival

of the following day.

I will take your letter with

your preparing the final report.

At this evening meeting - we
can of course get nothing from
the Government as to their
