1886

To

*Principal  
JW Carson*

Your letter written on board the Vancouver only reached us, but we had published our portrait & biographical notice before receiving it. As you kindly received our representative at Birmingham &

we had the materials  
already published, we  
deemed them sufficient  
for our purpose & did  
not at all feel that  
we ought to trouble  
you further. We hope  
you received the copies  
we sent to you.

We have taken  
advantage of your kind  
enclosure & added your  
book "Origin of the  
World" to our Reference  
Library —
