

My dear Mr. Williams

A member of O'Shea's
family called on me today
He requested me to inform
you that the Order has not
left a provision for the L &
then of child - in consequence
of the failure of the Boston life
Ins^{ce} & Co. in which he had a
policy for many years -

Can the provision at their
meeting tomorrow do any-
thing in the form of a
pension or otherwise for the
late Miss O'Shea's little
family? I am sure it

would meet with the
approval of all the friends
of the University - and of its
several Faculties. I intended
calling on you personally
this afternoon, but have had
a hasty telegraphic summons
to Richmond leave at
3.15. Excuse this
unconventional way of
addressing so serious a
matter. but I called at the
Alley today & found you out.
Very truly yours

Alfred
