Sir J. Wm Dawson,

Dear Sir

Yours of the 18. was duly rec^d and I am very glad to have your acceptance of the committee's proposal.

We will try to arrange all matters in conformity with your wishes. There will be no service at the Church of the Pilgrims on the evening of Sunday Jan 2, as Dr. Storr holds the Communion Service at 4:30 P.M. Consequently he will be at liberty on that evening. I have not seen him as yet, but I trust he will be able to occupy the platform with you on that evening and offer the opening prayer as suggested by you.

In regard to your time while at my house I trust you will feel quite at home and at liberty to keep in the quiet of your own room as much as you wish.

In regard to the title of the Lectures how would it do to say that they will be "on the Physical History of the Earth and its preparation for Man" as suggested by you and let the general prospect appear as being on the Graham foundation to show

the Power Wisdom and Goodness of God. This
will shorten the title and the general scope of
the Lectures will appear in all notices &c. In
fact the purpose of the Graham Lectures is well
known to all but the young people of Brooklyn

Should any suggestion occur to you or should you
have any request to make known please write to
me freely.

Yours Very Truly
O. L. Woodbridge
