BOSTON SOCIETY OF NATURAL HISTORY,
BERKELEY STREET,

BOSTON, MASS., Dec. 10 1886.

Dear Sir William:

I shall be extremely glad to see you when you come to Boston, and anything that we can loan from our Museum will be most-gladly at your service, if you will be responsible for its safe keeping. I have not yet received the paper which you describe, but shall examine it as soon as it comes, and return it forthwith, with such notes and comments as I can think

Hoping that all your
family are in good health,
I remain,

Yours sincerely,

Alphrus Wyatt,
