Sir Wm Dawson, LL.D., F.R.S.
Dear Sir.

I would acknowledge
the receipt of your favor of the
25th inst. By this mail I send
you a copy of the Old Testament
Student for January, containing an
article on Pithou.

My object in getting your testimony
as to the former condition of Wadi
Tumilat, was to overcome the objection
of Cope Whitehouse, stated in a late
number of the proceedings of the Soc.
of Bibl. Archaeology, to the effect that
the Wadi has always been barren ^{and}
sterile.

May I use the letter in writing on
this point?

Yours truly
