

Kellesley, Mass.  
Feb. 3. 1887.

Sir William Dawson. F.R.S.

Dear Sir,

Permit me,  
in behalf of Wellesley College,  
to thank you for your recent  
contribution to our Library,  
of five of your valuable works  
upon Fossil Plants.

I am personally very  
grateful for this kindness,  
and for your stimulating  
and suggestive lectures which  
I had the good fortune to hear.

Will you please remember me  
to the ladies, and believe me  
Very respectfully yours,  
Susan M. Halliwell.
