Dear Prof Stokes,

I beg to en-  
close with this a com-  
munication to yourself  
as President of the A.S.  
and for communication  
if you think fit to  
the Council on the  
subject of Suez type unions  
of the different Suez  
type unions and Societies  
in the Empire.

I shall be glad to  
have your permission  
to communicate it  
to other bodies in-  
terested, but it is  
of course in the first  
instance for the  
Royal Society, though  
I presume there will  
be no objection & may  
communicate it  
as permitted to others

I shall be glad  
to hear of you all  
and a few times  
acknowledge its receipt  
and inform me  
when it will be  
committed to the  
care of the Society  
I shall of course be  
willing to do all in  
my power to promote  
the object in this  
country. To you

Yours
