Dear Sir William,

A friend of mine an
Architect of this city, and one
of our leading local geologists
has just published a book on
"The Origin of Mountain Ranges".

I have not had time to read it
but I see your name is quoted
in the index. I have the pleasure
of sending you a copy of it by
this

rest in the hope it will be
interesting to you.

I hope Lady Dawson, you
and all your family are
well, and rejoicing in the
prospect of an early spring.

With kind regards to you
all, I remain

Very sincerely yours

G. A. M.

Sir William Dawson.
