Dear Sir

Your note enquiring about W. J. Foreck have been received.

In reply I do not know much about him I find by the register that he was here on 21 October last and has turned up at several different times stopping a few days and disappearing again he was here on 19 to 21 of Novr a week since which time I have not seen him. to my knowledge he has been running several of the City Factors. some of which has taken some interest in him. but as he is evidently a drinking man it makes it very difficult to help him

I might say that he applied to Mr. Halls
Secretary of St. George's Society. in reference
to wages due him in the County of
St. Andrews. Mr. Halls on investigation
found that he had no claim
that services had been made
there paid for.

I think him unredemptible

Yours Respectfully

D. McMillan
