

Saturday Night  
16<sup>th</sup> April 87

Dear Sir William

When I was with you this after-  
noon, I forgot to say that in Ottawa I saw Dr  
Selwyn and also your son George who kindly  
advised me to see Mr White regarding the Model  
Farm to which Adams was to be appointed; he said that  
matter is in the hands of the Minister of Agriculture Caskin  
I at once called on Co who I know very well. - he  
told me privately that Adams would not be appointed, that  
was a matter settled. - I had not time to call on  
Mr George to inform him privately of this before I  
left for the train - will you kindly let him know  
this, and should any thing else turn up for Walter  
I am sure he will let you know

Yours truly  
J. Fenner

P.S. Thanks for Dr Bennett's letters
