May 7<sup>th</sup>  
1887

Dear Sir,

To day I received  
through the Premier your  
Colony letter from your  
Secretary & a Circular  
respecting the subject of  
Scientific Federation &c  
with particular reference  
to Geological Science;  
with a request that they  
may be laid before our  
Council which will be  
done at our next meeting  
In the meantime I enclose  
you three abstracts in  
connection with our Royal  
Society of Tasmania

as also our Journal  
for the year 1886. You  
will be able to see  
that Tasmania is  
very greatly interested  
in Geoloical matters.

Trusting they  
may reach you safely  
I remain Sir

Yours truly  
Alex. Morton  
Sec.
