New-York June 27

Dear Sir William -

Many thanks
for your kind letter
of May 31st. It affords
me great pleasure to
know that the photo-
graphs proved accept-
able. I do not make
any promise, but I
hope to add to that
Chiriqui collection. My
visit to that locality
was very interesting
indeed.

The skulls sent
from Panama, were
picked up by me, in the

near of the Panamint
Cemetery - one where
"all kinds" are buried.
So the skulls are all
modern - very much
so -

I take the Gazette -
and have read time
and time again, of the
very substantial progress
made by Mr. Gil, under
your kind and able
care. May many
years and strength
be given you to com-
plete that good work.
It will a monument
through all time, to
your name and deeds

of devotion -

On my return
from Europe this fall
I had to ~~go~~ get a few
days additional leave -
I want to pay Montreal
a flying visit. & to my
birth place - and the property
left us by my grandfather
the late Dr. M. Nelson
Nelson - is still un-
(outailed) -

When I left Montreal
my medical friend
thought that consumption
had a firm hold of me -
In fact it had - it's spitting
blood - and pulmonary
consolidation ~~is~~ means
nothing - but I am cheery
but to say that, now I am

fairly well. constantly
working - Consumption
has swept off my father
(D. Thruce & Co.) my
wife and brother and
my only remaining brother
is now an advanced
Phthisic in Colorado.

I sail June 11th per
"Eider" with my wife and
daughter - and expect to
do London Paris - Berlin
Vienna - later to be in
Spain and Portugal - then
back here and again to the
W Indies - I am seeing a
great deal - and I hope am
profiting by it.

With kindest regards

Faithfully yours

Walter Wilson
