Dear Sir William :

At the close of the last session you very kindly offered to give us advice about collecting, wherever we spent our holidays.

I am going in August to Lake Huron. Field's Crossing the place is called. It is on the South side of the Georgian Bay, three miles from Moreburg.

The Blue Mountains are close by. If it is not too much trouble will you please tell me what minerals or fossils I shall be likely to find. Hoping that you are enjoying your holidays,

I remain respectfully yours
Klauche De Wallys Esq^t.
