

Syracuse Aug 17/87

Sir William Dawson C.M.G.

Dear Sir

On hearing of
McGill College and the degrees
it confers on their Scholaships
I determined to send my son to
it. Mr. Dehner sent for a Pro-
spectus which I received. What
I want to know is, what will the
first years tuition cost- also
about how much will the extras
be- and how much will the
books cost that he will require
for the first session. If the
costs are within my means.

I want him to enter your College
immediately. You know about
what information I need as to
his Matriculation. My son is
about 15 years old. His
inclination is to study medicine

Yours truly
C. S. Miller
