Dear Sir

This is a proof of the woodcut of Eryon,  
of which I made mention, & a cliché of which Prof. Pasteurich  
has provided for me. Do you object to its being used in  
your Paper in the *Col. Mag.*? & will it be sufficient  
of itself? We cannot afford to make another.

I suppose that you know that Mrs. Carpenter (5. W. P. S. (London))  
lately died - of cancer in abdomen -

Wm. W. Dawson F.R.S.

Yours truly
