In reply to yours of.....

Syracuse, N. Y., Dec 24th 1887

Principal J. W. Dawson L. D. &c,
Montreal Canada:

Dear Sir;

We have a small
appropriation for a course of lectures
on Theistic Science, to be given during
the present College year, say in March
or April next,

Can you give us two to four of these
lectures? The subjects may be anything
within the general scope of the Lectures,
and we want the manuscripts for
publication in book form,

We can only offer the small compensation
of \$50, per lecture, and entertainment
while here,

I assume that you may have

material on hand which could be
adapted to this use. We have invited
two other distinguished men to give two
lectures each but if either or both fail
we would be pleased if the third man
could supply the balance of the six
lectures. An early reply would
greatly oblige me.

Yours Truly,

L. A. Sims,

Chancellor of Syracuse
