

REV. CANON HAYMAN, D.D.

ALDINGHAM,

ULVERSTON.

LANC.

~~November~~ 1887 8

Dear Sir,

Jan 9

I am taking an interest in  
Syndicate herewith <sup>by separate packet</sup> as affording a  
genuine outlet for Emigration of  
distressed farmer and other  
classes, and in order to provide  
for their best interests I have  
promised a Reserve of Capital  
to be placed with the future  
Bishop of Calgary for Church  
Purposes of New Proposed Colony.

E. C. Dawson, Esq. D. C. S. The  
Discoverer, is well known to

me; I can vouch for the accuracy of his statements; and outside of the beneficial objects of the Company, I have no doubts from his Reports of its financial success in the future.—

In order to help the scheme I have paid for the equivalent of 20 Shares myself in Syndicate.

The Prospectus is circulated as privately as possible, and the favourable redemption terms are open to the subscribers to this Syndicate only.—

I am, Dear Sir,  
Yours faithfully  
Henry Hayman <sup>DD.</sup>

Honorary Canon of Carlisle, &  
Sometime Headmaster of Rugby

P.S. This is no market bubble. Our aim  
is a model settlement for men of good social  
stamp & education - keeping them in touch  
with each other & preventing that moral de-  
pression wh<sup>ch</sup> they feel in the promiscuous  
mass of settlers, where coarseness prevails

To Investors liberal terms - because  
prospects so good. Ample coal-beds (are there)  
hard by ensuring centre of industries with  
market at doors & thus enhancing land values  
were it naked prairie. It is ~~the~~ <sup>the</sup> assured,  
the very pick of the Canada N.W.
