

THE FRASER INSTITUTE,

R. W. BOODLE,

Librarian and Secretary.

Mr. W. Dawson,

Dear Sir,

I write to acknowledge
your letter which I have destroyed, and to explain
myself more fully upon one point. I quite understand
your letter and, in any case, should consider the
Secretaryship out of the question. But I should like to
explain how I came to mention it.

Though of course on a much smaller scale ^{than at the College} my
work here is even more business than literary. ^{to keep the books,} I have
to see to the insurances, collection of rents, repairs of
properties and to look to the repairing of the large buildings
in St. Sacrament Street - all this in addition to the
Library work. I must say I do not approve of the Com-
bination and think you are quite right in saying that
should a change take place you would look for a purely
business man.

I mention this because I am aware that most
people consider my work here purely that of Librarian -
which is not the case.

I shall not, unless I hear from you trouble
you again, renew this correspondence, or in any way
stay at all about the Librarianship.

Yrs truly
R W Boodle
