Dear Sir

Sir W Dawson's Modern Science

We much regret to read his letter  
and we have been carefully into  
the matter, but we cannot see  
that anything has gone wrong  
from here.

*Since received by Dawson's printer for proof*

1. We never received the final  
revise mentioned as having  
been sent a month ago of  
sig B to G. ~~has never reached us.~~  
Sig B was returned to us Nov 8th  
for press, but you afterwards  
told us to send proofs in chapters  
two send a proof of sig B so as  
to make chapter I complete.

2. Make up of slips 20 to 39.  
= Chapter III. was sent you.

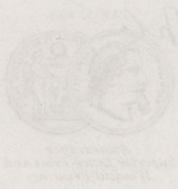

on Thursday last. We could not  
send it before for want of the cuts.  
now in our hands.

3. Slips 42 to 57 this we cannot  
understand we hold slips 40 to  
52 in our hands <sup>will receive</sup> at the present  
moment, can the ones he speaks  
of be a duplicate set sent to him  
instead of to us?

Can you send us <sup>steps</sup> 53 to  
57? Then we can <sup>send</sup> out  
Chapter IV which consists  
of slips 40 - 57. made up.

We have Chapter V in type, but  
we shall not send this out  
unless we receive your special  
instructions to do so until we  
have sent out Chapter IV made  
up. & we shall then send it out  
made up. 1st proof, not slip.  
The cuts being here, unless you  
prefer it in slip as heretofore.  
Hoping that this is clear & much  
regretting the difficulty  
Yours respectfully  
Butler & Tucker
