Sir William Dawson

My dear Friend,

Mrs Carter of

Waterloo Place earnestly desires
to be engaged in Christian
work. and has long cherished
a deep interest in the service
known as that of a "Bible Reader."
She is in age between 45 and 50.
enjoying good health - and of
an active disposition. - I have

known her Aunt her
girlhood. when she first
knew and loved the truth.

She has "neither poverty
nor riches" - but lives in
her own comfortable home
given her by her late Father
Father McGill of Abbeystead
one of the excellent of the
earth. Her husband
becoming addicted to
the use of strong drink &
persisting in it to great
extremes - and for along
time - her Father and well
friends advised the course
she adopted - and she has

for years laid claim to be
and respected, by her earnings,
on the use of her Needle.

She has a pleasant address
and is judicious - and would
I am certain under good, faithful
service in any ordinary or
some perplexing path of
usefulness.

The Rev M. Lindsey of Waterloo
may be mentioned as one
to whom you ^{may} refer - or Mrs
Dr P. R. Jamison of the same
Place - I have written them
fully, so there need no further
enquiry in regard to her Social
Relations - Trusting you will

Kindly say the same before
Lady Dawson. I need only say that
any other information which
I may be able to give, will be
pleased to furnish it.

With much Christian
regard I remain

Very truly yours
John W. McKim.
