Dear Principal  
For some time I have been  
wondering that a line to  
be drawn between you were throwing  
I tried to welcome to my  
Mr. Eyer and that I tried to  
do something to promote it  
and today a matter  
I found at the Royal  
Society what you  
me an excuse - The  
Library Committee is

Bonney (Jan 1888)

copy of the majority of the Committee  
that sat upon it

I trust that you have been  
quite well and that Lady  
Daguer is now perfectly recovered  
My sister returned to London  
yesterday and desires kind  
remembrance to your family  
circle in what I sincerely  
hope that Professor  
Hannington also is quite  
well -

Believe me

Sincerely yours

T G Bonney
