Dear Sir William Dawson

I send you herewith our
Printers letter, which, with one you
will have recently received from
us, will explain the difficulty which
has arisen about proofs - with the
exception of Slips 42-57. It is evident
that these were sent to you instead
of to the printer, for which we are
exceedingly sorry. We will be
very careful to avoid anything
further likely to retard the issue
of the work. I send you a copy
of the Map as requested.

Believe me

Your Sincerely

M. H. Hodder
