

Sir Wm Dawson K. C. D. F. R. S. Heurkens
McGill University

Sheebrook 27th January 1888.

My dear Sir William.

I try to thank the
Corporation of McGill University
for the high honour bestowed
upon me in granting me the degree
of K. C. D. honour causa -

It is an honour which I feel
I scarcely merit, for I have
no pretensions to great Scholarship

Men engaged in business,
whatever their tastes may be,
have not the time to keep up
their old reading, much less
to enter on new fields of study,
and it is, I fancy, beyond the
power of any man to keep pace
with

With the resolution out-going
from the year, some of the
the County. But the
place of honor in the
been granted in some instances
I have obtained interest in the
first case of interest, and
however hinder my efforts
I have finally & finally for
many years taken a deep
interest in the development of
the better part of the
of the country, I also think
my own hands for I have
seen known the true value and the
then the financial policy has been
manufactured by the government and
I will think that the government
to be in the interest.
Very sincerely yours

with the marvellous out-pouring
from the press, some of his
own Country. But this
plan of honour has I imagine
been granted me more because
I have shown interest in the
great Cause of Education, and
however humble my efforts,
I plead guilty to having for
many years taken a deep
interest in the development of
the better part of Man's nature.

To you personally I also tender
my warm thanks for I have
never known the time when any other
than the kindest feeling has been
prompted by you towards me
I hope shortly to have the pleasure
of seeing you in Montreal.

Very sincerely yours
