Dear Sir,

Your very kind favor of the 10th inst.,
in reply to mine of the 6th inst. is rec'd.

Your kind offer to send me an extract
from the book which you have in press,
with perhaps a few appended remarks,
will answer our purpose most admir-
ably. Your name appended to anything
makes it valuable, and particularly so
in these days when the great cry on the
part of infidelity & evolution is "The
Scientists are with us!" Our Quarter-
ly, having resulted from the suspension
of Dr. Woodrow's review, we are partic-
ularly anxious to have regarded as the
exponent of unquestioned soundness in the
faith.

May I not ask you, however, to send me

THE

The kindly promised extract & remarks at once? Our April No., wh. we are making a "special" of in every way, as to contents, variety, ability, timeliness &c., & of wh. there will be a specially large edition, will be printed & bound by Mar. 20th, & all copy must be delivered to the printers not later than Feb. 28th. This favor on yr. part will be specially gratifying to many of us = for in making my recent & present request, I was expressing the desire of many others connected with our Quarterly.

Very truly Yrs.,

George Summey.
