

GOVERNMENT HOUSE.  
OTTAWA.

28/2/00

Dear Sir William  
I have been so busy  
that I have had to  
put off thanking you for  
a copy of your Geological  
History of Ontario which  
reached me two or three  
days ago. I am very  
glad to possess the book  
& to think that I owe

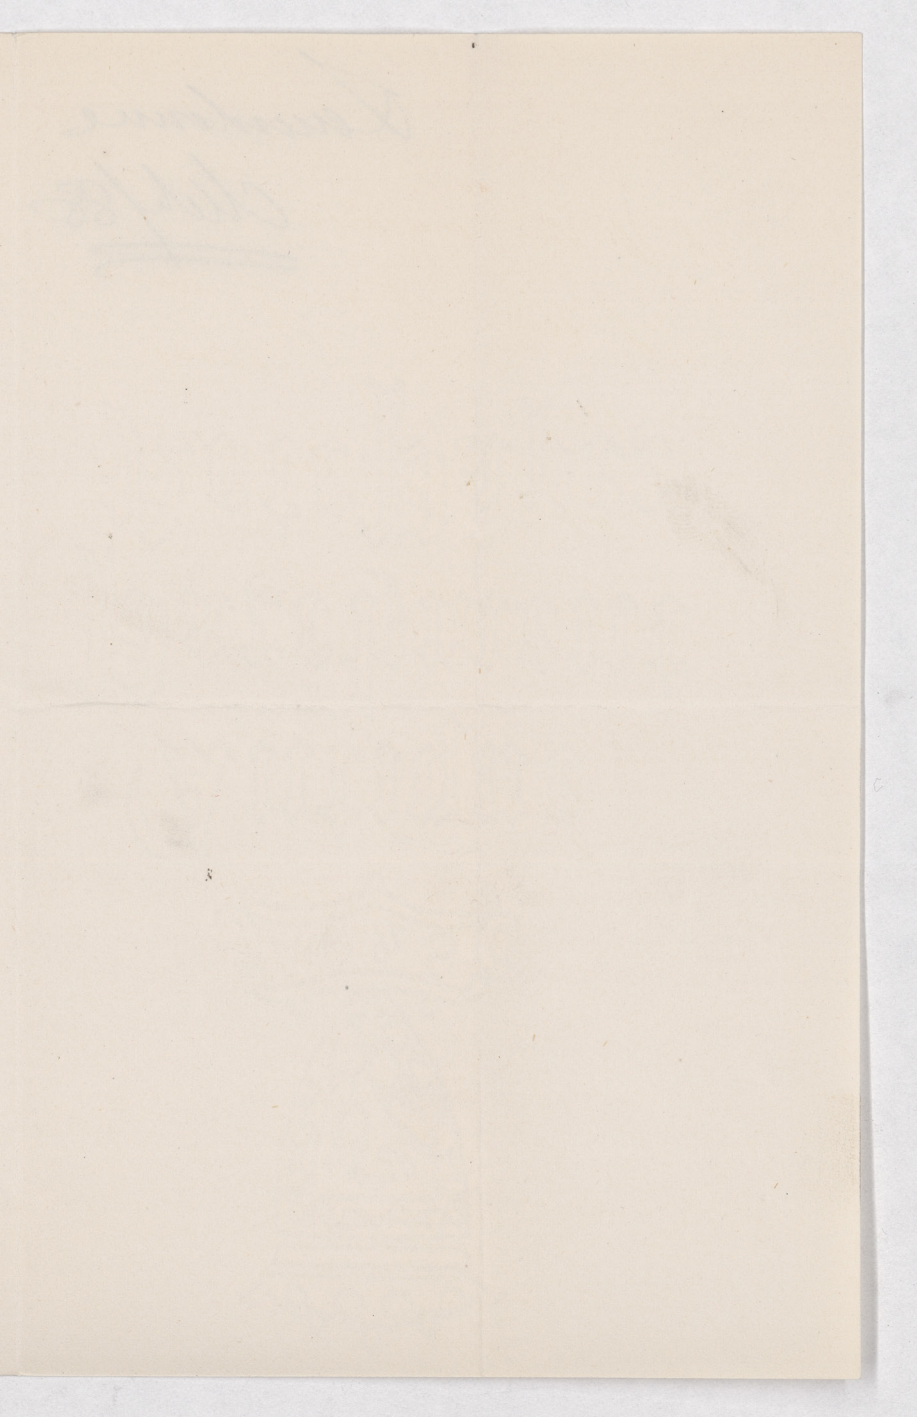

it to the author.

I hope I may have  
the pleasure of seeing  
you before we leave  
Canada for our new

post

Yours if
