

INTERNATIONAL CONGRESS OF GEOLOGISTS.

AMERICAN COMMITTEE.

OFFICE OF THE SECRETARY,
201 South Fifth St., Philadelphia.

April 16. 1888.

Sir J. N. Dawson. Montreal.

Dear Sir

At the close of my report (which is already printed) I have added an Appendix which will contain some of the most important letters which I have received. I send you the first rough proof of yours in order that it may receive your revision as well as that which I have been able to give it by comparison with your text. The report to which it forms part of the Appendix is to be laid on the desk of every member of the London Congress along with all the other reports (eight in all).

Will you kindly return it to me with comments at your earliest convenience.

Very truly yours
Verisford

INTERNATIONAL CONGRESS OF GEOLOGISTS.

AMERICAN COMMITTEE

OFFICE OF THE SECRETARY,
20 South Fifth St., Philadelphia.
