Dear Dr. Williams

Your kind favor
of today enclosing ticket
of admission to the Museum
is at hand and I shall
take an early occasion
to inspect the collection.

I now enclose a letter
from Mrs Edwards with
a memorandum of the
articles sent, which

if you have no duplicates
you can retain.

I received \$10.00 from Mr
Angus recently, with his
undertaking to become ~~an~~
annual subscriber and
also intimating that he
may give a donation at
a later date. "The Empire"
of Toronto gave a very interesting
notice of the Fund and I
am getting various other
papers to publish notices
some long and some

brief - but I shall keep the
doings of the Society before the public
as much as possible as I think
Sir Donald will give a large sum
and probably become a patron -

Mr Norman has promised me a
subscription and will do what he
can in Dublin, but I do not

expect much except in return for
direct applications. If I could spare
the time to solicit personally I could
accomplish much more &

With thanks for the letter

Believe me Yours sincerely

Dr William Dawson Hunter R. S. Esq
