Dear Sir William Dawson

Your esteemed order for copies came today, & shall be duly attended to.

I am sorry you should have had so much trouble with the proof of this new book. The fact of our sending in duplicate, I think must have been a little confusing. The volume will be in the hands of the public in a few days. I send you a few of the cancel pages herewith. The early copy of the book will have reached you before the arrival of this, I hope.

Believe me

Yours very truly

M. H. Hodder
