Dr. J. M. Dawson M. A. M. D. C. E.
McGill University,
Montreal, Canada

Dear Sir William.

Permit me to thank you
most sincerely for the infinite
trouble you took to answer
my letter of the 11th inst. —
Your recent views on
Evolution I have looked up,
according to your direction,
and have been much
edified and gratified in

their personal. — I shall disabuse
Several gentlemen here of
the fallacies into which they
had been led. —

I take the liberty to send
you by the accompanying
mail a copy of the Nation
of June 14th, in which appears
a review of your recent
work on the "Geological History
of Plants." which I am reading
with delight. —

Mr. Maccom has furnished me
with full directions as to what
is to be found in the Mustika
district. He calls it a —
