Sir William Dawson,

Little Metis.

Dear Sir William,

I have yours of 11th from Little Metis and regret to say that Mr Lynch's amendment to the Bar Act was voted down by the Legislative Council. It passed alright in the Legislative Assembly and I must say the Hon. Mr Mercier gave it every assistance and spoke in its favor and in that way it passed without any vote in the Lower House. Mr Pagnuelo was soon upon the scene however and succeeded in getting the ~~act~~ <sup>amendment</sup> thrown out by the Council.

Mr Lynch's amendment was to strike out the obnoxious section and leave the question of the clause ~~for~~ <sup>225</sup> the degree where it was before under the surveillance of the Governor-in-Council.

Yours truly,

*John S. Hall*

Sir William Dawson,

Little Metis.

Dear Sir William,

I have yours of 11th from Little Metis and re-  
quest to say that Mr Lynch's amendment to the Bar Act was voted down  
by the Legislative Council. It passed eight in the Legislative  
Council and I must say the Hon. Mr. Mercier gave it every assist-  
ance and spoke in its favor and in that way it passed without any  
vote in the Lower House. Mr. Parnelle was seen upon the scene how-  
ever and succeeded in getting the bill thrown out by the Council.  
Mr. Lynch's amendment was to strike out the ob-  
noxious section and leave the question of the clause of the de-  
gree where it was before under the surveillance of the Governor-in-  
Council.
