Dear Sir William Dawson,

I am sending you some notices
with which I think you will be
pleased. Any payments due
from you will stand against
sales, for which we will account
in due course. The Errata slip
has been set up, will be inserted
in unsold copies, but you will
find that we were intine to make
the important correction, which
we were able to do by printing
a cancel page. We are getting
together the woodblocks used in
"Dawn of Life" and will send them
the first opportunity.

Believe me

Yours sincerely

Sir J. Wm. Dawson
