

Trafalgar Institute  
Montreal.

2: August - 1855.

Dear Sir William Dawson -

Thanks for your  
note, which I have just re-  
ceived. Along with it came  
a note from W. Barclay -  
from Racine - giving me  
the same information.

In the event of  
Miss Woolan withdrawing  
her resignation as receipt  
of your letter - which of  
course she may do - there  
will be no necessity to

consider any alteration  
in arrangements. But in  
the other alternative, it  
will, I am afraid, be some-  
-what difficult at this  
time of year, to obtain  
suitable assistance. I  
do not know how the  
Trustees may look upon  
the suggestion; but if  
what I may call extra-  
-mural help could be  
obtained for class work,  
I think that the domes-  
-tic part of the arrange-

- ments could, in the mean-
  - time, be carried on with-
  - out another resident-teacher.
- But that of course can  
be discussed afterwards.
- I am very sorry that your  
holiday should be dis-
- turbed by these educa-
  - tional incidents.

Thanks for the renewal  
of Miss Mollan's letter. I  
return it with this.

I am faithfully yours

Esca Daniel.

Faulk
