

C. N. SIMS, CHANCELLOR.

Sims
Syracuse University,

In reply to yours of

Syracuse, N. Y., Aug. 10th 1888.

My Dear Dr. Dawson,

We have received endowment for a professorship of Theistic Science, and are seeking a man for the place. We know your views of the relation of science to God's Word, and heartily approve them. For this new chair, we want an earnest, and competent physicist, who is also a devout evangelical christian.

The professorship will take Physics as a basis, and Theistic

class room lecturer, and a man
of some achieved eminence
in science. the salary will
be \$2500⁰⁰ per year, and the
work will occupy ten to sixteen
hours per week, forty weeks in
the year. Can you name a
suitable man, either in Canada
or England, who might be in-
duced to come? I hope to have
the pleasure of meeting you in
Montreal next Oct.

Yours truly

C. N. S. S. S.

Can you possibly give us two
lectures on science during the
coming year?

S.
