Sr William Dawson M. A., L. L. D.,
Sir,-

If it is not in your department to answer the following, would you kindly hand this to the proper person.

In the course for the A. A. degree, if a student takes both Latin & Greek, will it be necessary to take Cicero & Homer?

The reason I ask this is because a year ago last June these authors were put on the papers, but students not taking them passed all right. Have the regulations been changed?

Kindly answering these questions
you will oblige

Your obedient servant
Albert H. Farnsworth
