Mr Dawson

You will remember of me writing on the Examination in June.

I was talking to some of the students both of McMill College & of other Colleges today & they assured me that I would not be required to write on the subjects at the fall examination that I passed in at the June examination.

Mr Jents was the McMill student who I was talking to and he advised me to write to you. I was intending if I passed this examination to start my medical studies this fall.
