Montreal Sep 8th 1888

My dear Sir,

This is to introduce my friend Mr Stanton who has with him a curious looking fossil on which he would like to have some information.

If we have not already such a specimen, I am sure Mr Stanton would endeavour to procure one for the museum.

I had a visit from Mr Gibb yesterday, he wished to know if we had fixed the day of our excursion to Abbotsford - He seemed to think that owing to the late season the 29th (Saturday) would suit well.

I promised to let him know definitely after communicating with you.

Faint, illegible text at the top of the page, possibly bleed-through from the reverse side.

1888
Faint text below the date, possibly a name or address.

your subscription is in
I have not yet received
a circular looking for
it would like to have some
of us have out already
agreement, have some
in order to give me for
I had a great time
I wish to know if
at first the copy of
examined to the
to think that some to the
the 2d (last) must not
I promised to let him
after conversation with you

Will you kindly let me know if
you are free for that day, &
if desirable we might meanwhile
call a meeting of Council to
make necessary arrangements.

Yours sincerely

J. Stevenson Brown
