

Sept 12/88

Dear Mr Sewall,

I have re-  
ceived yours of Aug  
17<sup>th</sup> until the close  
of the vacation, in  
order that I might  
definitely reply. The  
papers I referred to  
were those I have  
written at different  
times for various  
reviews and periz

Larger than the chain  
of life under the  
title "Modern Ideas  
of Evolution as related  
to Religion and Science"  
The great key not in  
mere curriculum as  
to place in a class  
by the <sup>and in a few</sup> ~~the~~ <sup>of the</sup>

what we actually know  
and believe. ~~What a failure~~

If you think such  
a work would be useful  
I will be glad  
to send it when ready,

of Evolution. In the  
vacation I arranged  
the matter and  
collected them <sup>up</sup>  
to date and ~~collected~~ <sup>checked</sup>  
~~up~~ the new pictures  
now being agitated.  
The whole is in such  
a state that in no  
very long time I could  
prepare it for publication.

The continuance between  
Discussions of different  
Schools are very numerous  
to acture and the  
Output is a printing in  
many phases that  
a little farther delay  
perhaps till Christmas  
might be expedient.

I have been planning  
to print the whole  
which would make  
a book perhaps a little
