Sir John W. Dawson M.D.
McGill College, Montreal.

Dear Sir,

I have often wished to do myself the pleasure of writing to you, and while you can have no particular interest in me, mine in you is due to my admiration of you as a Christian Scientist, and to the fact that my mother is a first cousin of yours, and it will be gratifying to her to know that I have informed you of her welfare. You will probably understand the relationship when I mention that my mother was the daughter of the late John Dawson of Ovestown, Ordinghill Banffshire, and as my sister some time ago had the pleasure of entertaining you at her house at West Kinnington

Dear Sir,
 I have the honor to acknowledge the receipt of your letter of the 14th inst. in relation to the proposed change of the name of the Society. I have conferred with the Board of Managers and they are of the opinion that the proposed change is not desirable. I am, therefore, sorry to hear that you are disappointed. I am, however, sure that the Board of Managers will continue to do all in their power to promote the interests of the Society. I am, Sir, very respectfully,
 Yours truly,
 R. D. MacArthur, M. D.

you will probably understand who the Robertsons are.

Our parents gave us all a fair education, the only thing they had to start us out in the world with, and I am glad to say that every one of us has made the best of his talents thus bequeathed to us. I have two brothers holding the position of Schoolmaster in Scotland, two besides myself are here in business in Chicago, trying to make this country greater and better and richer than it would have been without us.

I am not going to inflict a long letter on you. There is just one thing I want to ask of you. You will observe from my stationery that I am connected with the St Andrew Society of

of this city. We have at the present time
three hon: members Robert Gordon of New York,
the Marquis of Lothian, and the Earl of Aberdeen. To
this list I would like to add another.

Will you not allow me to present your name
for an hon: membership at our next meeting?

The conditions are that hon: members should be non-
resident (of Chicago), Scotchmen or the sons or
grandsons of Scotchmen.

Our Society is composed of the best elements
of the Scotchmen of this City, it has been in
existence for many years, and has probably done
more good than any similar Society in the
country.

It will afford me great pleasure to
